

ADIL ALAA ADIL

SITE ENGINEER

CAREER OBJECTIVE:

I am a site engineer with extensive experience in construction industry. All this experience has contributed to the development of my unique skill set, which includes exemplary blueprint drafting and reading, superior computer skills and excellent problem-solving abilities. With these skills, I have been able to innovate, develop solutions and improve processes at each of my prior positions. I believe that the site engineer position is essential to the success of the company, and as such, I am committed to maintaining its high standard.
